

Wedding Options Worksheet

Client Name: _____

Ceremony Location: _____

Reception Location: _____

Wedding Date: ____/____/____

Ceremony Sound & Music

- Personalized Ceremony Music– Songs chosen by bride and groom to be played upon entry, exit, etc.

- Microphones- for bride/groom/minister, etc. during the ceremony to amplify voices for guests.

Reception Sound & Music

- Customized Introductions– We work with you to script introductions personal to each member of the bridal party– the introductions can be set to music of your choosing. The intros are made as the bridal party enters the reception area.

- Special Dance Voice Overs– Prior to the wedding day you will meet with the DJ and record messages to your loved ones that are played over music during special dances. *Examples: the bride can record a message to her father to be played during the father daughter dance, the groom can record a message for his mother, and/or the bride and groom can record messages to each other to be played during the first dance.*

- Reception Music and Entertainer– We work hard to ensure that each guest has a memorable experience. Our entertainers are skilled in reading crowds and choosing music that gets everyone dancing and participating. We take notes of your favorite artists, genres, and special requests, we even write down lists of artists, genres, and songs that you do not want to hear played. Music package includes dinner music and all specials; *cake cutting, bouquet toss, garter toss, first dance, anniversary dance, father daughter dance, mother son dance, and any other of your choosing.*

Lighting and Special Effects

Dancing on a Cloud- We can make your first dance look and feel like a dream with non-residue low lying fog. Our cloud effect is unique and will not cause damage to the dance floor or the venue in any way and is not a fog/smoke machine.

Dance Floor Lighting- Two Gobo Scanners and Four RGB alternating colored lights cued to the music.

Upgraded Dance Floor Lighting- Our upgraded lighting creates a night club feeling for your venue.

Cake Pinspotting- Highlight your beautiful cake table with special fine beam LED lighting.

Table Centerpiece Spotlighting- We will spotlight the centerpiece on each guest table.
(This is dependent on the hall– option not available for extra high ceilings.)

Projected Monogram- Your name, wedding date, or any other message or graphics of your choosing projected in lights on the dance floor, wall, ceiling, tent top, etc. \$175/\$350 (Steel/Glass)

Architectural Uplighting- We will create the atmosphere you desire for your reception venue. We can light walls, curtains, architectural features, etc. with colors of your choice.

Lighting and Special Effects, *continued*

- Dancing Under the Stars- We create the look and feel of being outside under the stars with our special night sky lighting. This effect is unique with stars and clouds moving slowly around the ceiling.

- Video Projection- Our Video Projection can play slideshows, videos, and music videos for your guests to enjoy throughout the event.

- Video Slideshow- Video slide show of the bride and groom as they were growing up, then moving to them together as a couple, right up to wedding day, all set to licensed music that matches the love and personality of the couple. Use of digital images is included. Scanning & photo retouch will be extra. Includes video projector and screen at reception. Couple receives 2 original DVD discs with copyrights for reproduction. Actual fee based on number of photos and how many provided in digital format.

- Specialized Table Linens - Custom linens for your tables create a beautiful accent.

- Chair Covers- We provide a clean look for your tables with white/ivory satin chair covers with silver sashes.
